Accelerated Deployment Schedule:

The Risks Involved

Operational Analysis

- Aircrew Training
- Maintenance Training and Manning
- Personnel Issues
- Logistics
- Aircraft Material Readiness

Issues of Aircrew Training

- Basic flying skills
- Currency vs. Proficiency

Issues of Maintenance Training/Manning

- Lack of schools
- Lack of OJT
- Lack of Troubleshooting experience

Personnel Issues

- Family preparation
- Quality of life
- Financial matters

Logistics Issues

- Time to develop relationship with boat to include: AIMD, AVCAL and Supply
- Pack-up-kits
- Special Equipment

Aircraft Material Readiness

- Limited Inspections
- Canibalization

Identify Hazards

- Lack of proficiency - 1
- Bad ACT skills - 1
- Unavailability of target/training assets - 2/3
- Unsafe weapons delivery - 2
- Decreased quality of maintenance - 3
- Decreased efficiency of maintenance - 4
- Decreased aircraft availability - 2

Hazards cont'd

- Effects on homeguard operations - 4
- Low morale - 3
- Inattention to details - 2
- Retention - 3
- Bad equipment - 4
- Poor range and depth of PUK - 3
- Poor parts support - 4

Hazards cont'd

- Unavailability of special equipment - 2
- Decreased aircraft readiness - 2

Implement Controls

- Aircrew training:
- Have quality training - make each flight count
- Extra simulator time
- Seek special allotment for training assets

Controls cont'd

- Maintenance Training/Manning:
- Front office involvement for reallocation of resources
- Quality training
- Take aircraft off the flight schedule

Controls cont'd

- Personnel:
- Have troops "Buy into" the mission
- Involve CMC, Navy Relief, etc in problematic areas

Controls cont'd

- Logistics:
- Make a list of all required equipment (parts, SE gear, special gear) and have parties guarantee availability
- Have Det Maintenance Officer and Chief inspect equipment

Controls cont'd

- Aircraft Material Readiness:
- Take aircraft off of flight schedule
- Front office help to secure NADEP commitment for inspections
- Take the best aircraft from the squadron

Decision Making

- Of course we are going to go!

Supervise

- Compress milestone schedule!
